

THE POWER OF STORY

©Anna Jarrett 2016

*To connect people heart to heart
That's the power of story
To discover new worlds and new ways
That's the power of story
To create possible worlds full of hope and wonder
That's the power of story
To show different points of view and ways of seeing
That's the power of story
To explore problems and seek solutions
That's the power of story
To pass on traditions
That's the power of story
To nourish the human spirit
That's the power of story
To teach values and challenge beliefs
That's the power of story
To nurture understanding and respect for all people
That's the power of story
To heal the human heart through laughter and tears
That's the power of story
To remember the past and learn from it
That's the power of story
To pass on a treasure
That's the power of story
To inspire our imagination and our dreams
That's the power of story
To create beauty
That's the power of story
To conjure magic
That's the power of story
To awaken a deep sense of truth
That's the power of story
To have fun
That's the power of story
To celebrate life
That's the power of story*
